CLASSIFICATION AND HANDICAP

Shooters who do not have a combined total of 1,000 16-yard targets registered with the ATA in the current and previous year will be advanced at least one class at the discretion of the Classification Committee. Shooters without an established average will be placed in Class B or higher at the discretion of the Classification Committee.

Shooters who do not have a combined total of 1,000 Doubles targets registered with the ATA in the current and previous year will be advanced at least one class at the discretion of the Classification Committee. Shooters without an established average will be placed in Class B or higher at the discretion of the Classification Committee.

Assigned yardage applies during this tournament. Shooters who do not have a total of 1000 Handicap targets registered with the ATA in the current and previous year will be assigned to the 23 yard line or their regular handicap yardage, whichever is greater. Handicap target requirements will be waived for declared Senior-Vets, making them eligible for trophies and monies. Known ability may also be applied by the handicap committee. Shooters who fail to meet the minimum handicap target requirements as described above may shoot "Targets only" from their assigned ATA yardage provided they waive and forfeit all rights to options, purses, added money and trophies including HOA and HAA trophies.

Failure to shoot from the correct handicap yardage will result in score disqualification. It is the responsibility of all shooters to verify that they have been classified at the correct handicap yardage. This includes ALL earned yardage from any prior registered tournament (Rule XII.B.e). Also, any shooter that has ever registered targets in another shooting organization must inform classification BEFORE their handicap yardage has been determined. These shooters will be required to shoot from the greatest documented yardage (Rule VI.C.4). All trophies or monies won for a disqualified score must be returned (Rule XII.B.7). Any yardage earned for a disqualified score will be added to the shooter's average card (Rule XII.B.8).

Shooters are required to have their 16-yard and Doubles averages computed for use by the Handicap Committee. Any shooter holding a card of another association will be classified at the yardage and class which is the greatest of the cards. The Handicap Committee reserves the right to change a shooters classification at any time deemed necessary.
