

Gun Club Fund Application

ATA gun clubs are the grassroots for our Association. Most every angle within the ATA starts and ends with the success of our gun clubs. If they are not successful, the ATA is not successful. Therefore, this grant is to help enhance the clubs and grant them funds needed to enrich our sport.

Who is eligible for the gun club grants?

Any Active ATA gun club may be eligible for a grant. Any club that threw registered targets within the current or previous target year is considered active.

Kinds of projects which will be funded:

- A project refers to any type of activity the gun club is doing to try and promote or better ATA registered trapshooting at their gun club
 - The club might have a specific program they are trying to begin such as AIM

- A project also refers to items the club may need to purchase in order for their club to operate more effectively
 - For instance, the club may need to purchase automatic trap machines, new voice release systems, or new traps
 - The club may also have a need to invest in new computer equipment or might need to purchase new computer software

How gun club grant proposals are reviewed and decided:

All eligible gun clubs will be given the opportunity to apply for funds. The Gun Club Fund Application must be completed by July 1st of every year. The Gun Club Endowment Committee or C3 Committee will evaluate all proposals. Those Clubs chosen to receive funds will be announced at the Grand American. Clubs will receive funds by September 1st (start of the new target year). Clubs that receive funds must submit an update to inform the ATA and Endowment Committee of how the funding assisted their club. This update is due August 31st of the following year.
