Richard “Dick” Johnsen

The 2017 North Dakota State Trapshoot is dedicated to the memory of Capital City Gun Club member Dick Johnsen. In addition to being a husband, family man and successful businessman, Dick found the time and energy over the years to be a longtime volunteer in many arenas. He served on numerous boards and committees but one of his loves was trapshooting. Dick joined the Capital City Gun Club in the early 1980s and began shooting registered targets in 1982. He subsequently was selected to serve on the Club’s Board of Directors. At the time of his death last fall, Dick was still an active board member and serving as Treasurer. To say Dick was an active board member is a huge understatement. Dick worked tirelessly to help build the club into what it is today. He gave of his time more than anyone else over the past decades. Although Dick was a very good shot, his shooting always took a backseat to his goal of insuring that the club’s tournaments ran smoothly and efficiently. During shoots you would find Dick either in the office entering scores, running shoot reports or in a trap house fixing a trap machine. Even when he traveled to other clubs for registered shoots, Dick was always the first person to jump in and offer to fix a malfunctioning trap machine. Dick gave freely of himself to the sport of trapshooting so that others could enjoy the sport. He will be deeply missed.

All age-based categories are established on the birthday of the shooter. However, shooters who become eligible for new age based categories during the current target year may elect to continue to compete in the previous category for the remainder of the target year. Once a shooter has elected to move to the new category that decision is irrevocable and the shooter will no longer be eligible to compete in the previous category. Junior shooters reaching the age of 18 in the current target year may continue to declare Junior category for the remainder of the current target year. For purposes of determining age category for HOA and HAA awards the category declared by the participant on the first day he/she shoots shall be used.

The new ATA rules limit special category designation to one category for the entire tournament in which All American points are awarded. The ND State Shoot does have All American points for trophies so this rule will apply. In other words a category shooter will not be allowed to designate more than one category nor will they be allowed to switch category during the tournament. They also need to declare their category at the time they are classified. This does not prevent a category shooter from winning a class trophy if they have the appropriate score.

A shooter may not win more than one ATA or NDTA trophy in the same event. This does not affect the right of all contestants from shooting for event champion and then falling back to Class or Category trophies. A shooter may not “fall back” from a Class to a Category trophy.

Class Advance will start July 20th through the end of the tournament.

That is the high score in each class including ties will advance one Class for the next like event. For example, if a shooter in Class B wins Thursdays singles with a 98 and then that shooter, along with all other Class B shooters on Thursday that shot a score of 98, will advance to Class A for the next singles event that they shoot in this tournament. Class advance will apply to all Singles and Doubles events in this tournament.

NOTICE

Rule III U 2. **IT IS THE RESPONSIBILITY AND THE REQUIRED DUTY** of shoot management to immediately remove and disqualify any contestant at any time during an A.T.A. sanctioned tournament:

- a. Who is under the influence of any drug or alcoholic beverage or who consumes any alcoholic beverage or drugs during participation in any event, sub event or between events or sub events including shoot offs and practice, or
- b. Who is under the obvious influence of alcohol or drugs before starting or during any event, sub-event, shoot off or practice.
