

Shooter Classification

Rob Taylor, Kansas ATA Delegate

>Shooters with fewer than 500 targets on current year's score card will be classified on the previous year's average if more targets were shot the previous year. If the total of the two years is less than 500 targets, the rule for shooters with no score card will apply unless the scores indicate that a higher class should be used.

>Shooters with 500 to 1000 targets on the current year's card will be classified by their current year's average or last years average, whichever is the highest.

>Shooters with more than 1000 targets on their current years card will be classified by the last 1000 targets if they show a definite trend either up or down from the total for the year. Any unusually low scores will be disregarded in computing averages.

>In cases not covered by the KTA rules, ATA rules regarding handicapping and other regulations will be strictly enforced. Any shooter will be disqualified if scores on their cards are found to be incorrect. Shooters will be classified on average and known ability as follows:

Singles

97% and over AA
94% and under 97% A
91% and under 94% 8
88% and under 91% C
Under 88% D

Doubles

93% and over AA
89% and under 93% A
85% and under 89% B
78% and under 85% C
Under 78% D

Juniors and Sub-Juniors may shoot "targets only" for one-half entry price plus fees and be eligible for trophies, but will be charged full price if they play any options. ATA and KTA dues are half price also.

GENERAL INFORMATION AND RULES

>ATA rules will govern all points not otherwise provided for herein. Interpretation of this program will be made by the board of directors and their decision will be final.

>This is an invitational tournament and we reserve the right to reject or refund any entry which in our judgement would be detrimental to this shoot. The Management reserves the right and authority to disqualify any contestant who behaves in a disorderly manner, or who handles his/her gun dangerously, and to remove contestant from further participation in any competition in which he/she may have entered.

>The Kansas Trapshooting Assn., Inc. or its staff will not be responsible for any accident or for any loss or property.

>No one, with exception of a referee, who is not an authorized puller or scorer, will be permitted to pull or score for anyone.

>On all handicaps you may shoot targets ONLY (no options) for \$28.10 plus fees.

FEES: A KTA fee of \$2.00 per 100, an ATA fee of \$2.00 per day, and Kansas sales tax of \$1.90 per hundred will be collected.

ATA Rule Sec. 4, I10: All guns must have the action opened and contain no live shell at any time, except while the shooter is on the firing line. The guns action may be closed when it is in a gun rack but it shall not contain a live shell or empty shell. Repeat offender(s) of these Rules will be given a 30 day suspension upon a second violation of these Rules; a third violation of these Rules will result in a 90 day suspension; and further violations will be reviewed by the Executive Committee for further disciplinary action.

WITHDRAWALS & RE-SQUADDING

No refunds will be made to a shooter for withdrawal or scratching from an event unless the event is cancelled. **If a shooter misses their squad, there will be a \$20.00 re-squadding fee. NO EXCEPTIONS.**

WATCH FOR YOUR SQUAD

The first event of the day will start at the time listed. Be on the grounds ahead of the time and watch for your squad. Your squad cannot wait more than three minutes for you to take your place. If you are not there within the allotted time, your name will be scratched and your squad will proceed without you. You will not be paged.

CHECK YOUR SCORE

Watch your score—**It cannot be changed after leaving shooting post.** The official referee assigned to each trap is there to see that your proper score is recorded. In the absence of a separate referee the official scorer becomes both referee and scorer. Call any discrepancy to their attention immediately. Refer to ATA Official Trapshooting Rules Book. The referee's decision is final.

TIES AND SHOOT-OFFS

All ties will be carried over by sub-event to next like event of the shoot except for handicap events. All shootoffs will be conducted by directors.

GUNS and AMMUNITION (ATA Rule 13, F)

Any shooter violating any of these Rules shall be disqualified from competition in accordance with these Rules. Any such violator shall be referred to the Executive Committee for possible further disciplinary action. A contestant cannot use:

A gun with a chamber larger than 12 gauge. Guns of smaller gauges are permissible in registered and tournament shooting, but no competitive consideration shall be given in recognition of that fact for handicap and classification purposes. A contestant may not use a gun capable of chambering more than one gauge of shells at the same time. For example, chambering 12 gauge and 20 gauge shells in the same gun at the same time is prohibited. Any load with a velocity of greater than 1290 FPS (Feet Per Second) with maximum shot charge of 1-1/8 ounces, or 1325 FPS with a maximum shot charge of 1 ounce, or 1350 FPS with a maximum shot charge of 7/8 ounces, as measured in any individual shotshell. These velocities are maximum and no individual shotshell shall exceed these limits for the designated shot charge. In addition, no load containing more than 1-1/8 ounces (31.89 grams) or any shot larger than Number 7-1/2 can be used. Shot charges are maximum and no charge may exceed the charge amount by more than 3%.

Any shell loaded with black powder.

CHALLENGE AND PROTEST (ATA Sec. 13, F)

A contestant may challenge the load of any other contestant. On receipt of a challenge the Management shall obtain a cartridge from the challenged party, and if after examination, the management finds contestant violated the ATA rule, he or she may be disqualified.

OPEN SHELL SALES

There will be a sufficient supply of the popular brands of shells on the grounds.
